

5th Toronto International Pediatric Endoscopic Course

Thursday, October 16, 2014

Learn **NEW** skills AND / OR

REFRESH your skills and be prepared for emergencies

- *Live animal models*
- *Rigid bronchoscopy*
- *Flexible bronchoscopy and bronchoalveolar lavage (BAL)*
- *Rigid esophagoscopy*

This year the course will take place in our newly built research and learning tower that has numerous participant stations. With one-on-one teaching from local and international faculty, it promises to be a fantastic experience!

Otolaryngology - Head & Neck Surgery
UNIVERSITY OF TORONTO

UNIVERSITY OF TORONTO FACULTY

Guest of Honour

Jacob Friedberg

Professor, Department of Otolaryngology – Head & Neck Surgery, University of Toronto

Course Director

Evan Propst

Assistant Professor, Department of Otolaryngology – Head & Neck Surgery, University of Toronto

Course Co-Directors

Vito Forte

Professor, Department of Otolaryngology – Head & Neck Surgery, University of Toronto

Paolo Campisi

Associate Professor, Department of Otolaryngology – Head & Neck Surgery, University of Toronto

Marvin Estrada

Lab Animal Services, Hospital for Sick Children

Organizing Committee

Reshma Amin

Assistant Professor, Division of Respiratory Medicine, University of Toronto

Albino Chiodo

Assistant Professor, Department of Otolaryngology – Head & Neck Surgery, University of Toronto and Toronto East General Hospital

Tobias Everett

Assistant Professor, Department of Anesthesia, University of Toronto

Cengiz Karsli

Associate Professor, Department of Anesthesia, University of Toronto

Indra Narang

Associate Professor, Division of Respiratory Medicine, University of Toronto

Elaine Ng

Assistant Professor, Department of Anesthesia, University of Toronto

Shazia Peer

Clinical Fellow, Department of Otolaryngology – Head & Neck Surgery, University of Toronto

Lawrence Roy

Professor, Department of Anesthesia, University of Toronto

Melinda Solomon

Associate Professor, Division of Respiratory Medicine, University of Toronto

VISITING NATIONAL & INTERNATIONAL FACULTY

Matthew Bromwich

Assistant Professor, Department of Otolaryngology – Head & Neck Surgery, University of Ottawa, Canada

Sam Daniel

Professor, Department of Otolaryngology – Head & Neck Surgery, McGill University, Canada

Patrick Froehlich

Professor, Department of Otolaryngology – Head & Neck Surgery, University of Montreal, Canada

Murad Husein

Associate Professor, Department of Otolaryngology – Head & Neck Surgery, Western University, Canada

Kaalan Johnson

Assistant Professor, Department of Otolaryngology – Head & Neck Surgery, University of Washington, USA

Darren Leitao

Assistant Professor, Department of Otolaryngology – Head & Neck Surgery, University of Manitoba, Canada

Jonathan MacLean

Assistant Professor, Division of Otolaryngology – Head & Neck Surgery, McMaster University, Canada

John Manoukian

Professor, Department of Otolaryngology – Head & Neck Surgery, McGill University, Canada

Lily Nguyen

Assistant Professor, Department of Otolaryngology – Head & Neck Surgery, McGill University, Canada

Jeremy Prager

Assistant Professor, Department of Otolaryngology – Head & Neck Surgery, University of Colorado, USA

Steven Sobol

Associate Professor, Department of Otolaryngology – Head & Neck Surgery, University of Pennsylvania, USA

Jean-Philippe Vaccani

Assistant Professor, Department of Otolaryngology – Head & Neck Surgery, University of Ottawa, Canada

Course fee: \$775

Save \$100 if you register before **August 31st** (\$875 before discount).

Save more if you register for more than one course:

- *Pediatric Open Airway Surgery Course*
- *Pediatric Temporal Bone Course*
- *Pediatric Vestibular and Balance Update*

Continuing Education (CME) Accreditation

Continuing Professional Development (CPD), Faculty of Medicine, University of Toronto, is fully accredited by the Committee on Accreditation of Continuing Medical Education (CACME), a subcommittee of the Committee on Accreditation of Canadian Medical Schools (CACMS). This standard allows CPD to assign credits for educational activities based on the criteria established by The College of Family Physicians of Canada, and the Royal College of Physicians and Surgeons of Canada.

As a result of a reciprocal agreement between the Royal College of Physicians and Surgeons of Canada, The American Medical Association, and The European Union for Medical Specialists, CPD is permitted to assign respective credits.

Course Outline

- 7:30 am** Registration and light breakfast
- 8:00 am** Welcome and introduction
- 8:10 am** Guest Lecture, Jacob Friedberg - The early years of endoscopic airway surgery
- 8:25 am** *Interactive Q&A component*
- 8:30 am** The pediatric airway - anatomic considerations
- 8:45 am** *Interactive Q&A component*
- 8:50 am** Anesthetic considerations in airway procedures
- 9:05 am** *Interactive Q&A component*
- 9:10 am** Rigid bronchoscopy and esophagoscopy - getting to know your equipment and normal anatomy
- 9:25 am** *Interactive Q&A component*
- 9:30 am** Flexible bronchoscopy - getting to know your equipment and normal anatomy
- 9:45 am** *Interactive Q&A component*
- 9:50 am** Airway and esophageal foreign body removal
- 10:05 am** *Interactive Q&A component*
- 10:10 am** Laryngeal webs, clefts and tracheoesophageal fistulae (endoscopic management)
- 10:25 am** *Interactive Q&A component*
- 10:30 am** Refreshment break - walk to *Peter Gilgan Research and Learning Tower*, change into scrubs
- 11:00 am** Simulation mannequins - practicing equipment assembly and technique
- 11:15 am** *Interactive Q&A component*
- 11:20 am** Introduction to live animal models
- 11:30 am** **L U N C H** (provided)
- 12:10 pm** Live animal model hands-on practical session. (*Interactive component: 4 hr 50 min*)
Many stations for one-on-one experience. Stations will teach the following:
- *Rigid bronchoscopy and foreign body removal*
 - *Flexible bronchoscopy and bronchoalveolar lavage*
 - *Rigid esophagoscopy and foreign body removal*
- 3:30 pm** Airway emergency simulation stations
- 5:00 pm** Debriefing and wrap-up (*Interactive Q&A component*)
- 5:30 pm** **A D J O U R N**
- 7:30 pm** Combined course dinner for both endoscopic and open airway courses
