

8th Toronto International Pediatric Endoscopic Workshop

Wednesday, November 29, 2017

* Before SENTAC 2017 Annual Meeting in Toronto *

Learn **NEW** skills AND / OR

REFRESH your skills and be prepared for emergencies

- *Live animal models*
- *Rigid bronchoscopy, foreign body removal*
- *Endoscopic repair of laryngeal cleft*
- *Flexible bronchoscopy and bronchoalveolar lavage (BAL)*
- *Rigid esophagoscopy and foreign body removal*
- *Balloon dilatation of the trachea and esophagus*

The workshop will take place in our state-of-the-art research and learning tower that has 10 participant stations. With one-on-one teaching from local and international faculty, it promises to be a fantastic experience!

UNIVERSITY OF TORONTO

UNIVERSITY OF TORONTO FACULTY

Guests of Honour

Philippe Monnier

Professor, Department of Otolaryngology – Head & Neck Surgery, Lausanne, Switzerland

Jacob Friedberg

Professor, Department of Otolaryngology – Head & Neck Surgery, University of Toronto

Workshop Directors

Evan Propst

Associate Professor, Department of Otolaryngology – Head & Neck Surgery, University of Toronto

Marvin Estrada

Supervisor, Surgical Services, Lab Animal Services, Hospital for Sick Children

Nikolaus Wolter

Assistant Professor, Department of Otolaryngology – Head & Neck Surgery, University of Toronto

Organizing Committee

Albino Chiodo

Assistant Professor, Department of Otolaryngology – Head & Neck Surgery, University of Toronto and Toronto East General Hospital

Tobias Everett

Assistant Professor, Department of Anesthesia, University of Toronto

Hartmut Grasmann

Professor, Division of Respiratory Medicine, University of Toronto

Elaine Ng

Assistant Professor, Department of Anesthesia, University of Toronto

Faisal Zawawi, Erynne Faucett, and Gavin le Nobel

Clinical Fellows, Department of Otolaryngology – Head & Neck Surgery, University of Toronto

Lawrence Roy

Professor, Department of Anesthesia, University of Toronto

VISITING NATIONAL & INTERNATIONAL FACULTY

Margo McKenna Benoit

Assistant Professor, Department of Otolaryngology – Head & Neck Surgery, University of Rochester, USA

Shailendra Das

Assistant Professor, Division of Pulmonary Medicine, Texas Children's Hospital, Houston, Texas, USA

Eric Gantwerker

Assistant Professor, Department of Otolaryngology – Head & Neck Surgery, UT Southwestern, USA

Murad Husein

Associate Professor, Department of Otolaryngology – Head & Neck Surgery, Western University, Canada

Liane Johnson

Associate Professor, Department of Otolaryngology – Head & Neck Surgery, Dalhousie University, Canada

Darren Leitao

Assistant Professor, Department of Otolaryngology – Head & Neck Surgery, University of Manitoba, Canada

Jonathan MacLean

Assistant Professor, Division of Otolaryngology – Head & Neck Surgery, McMaster University, Canada

John Manoukian

Associate Professor, Department of Otolaryngology – Head & Neck Surgery, McGill University, Canada

Lily Nguyen

Associate Professor, Department of Otolaryngology – Head & Neck Surgery, McGill University, Canada

Jeremy Prager

Associate Professor, Department of Otolaryngology – Head & Neck Surgery, University of Colorado, USA

Diego Preciado

Associate Professor, Department of Otolaryngology – Head & Neck Surgery, George Washington University, USA

Christopher Wootten

Associate Professor, Department of Otolaryngology – Head & Neck Surgery, Vanderbilt University, USA

Workshop Fee: \$875 CAD

Accreditation:

Royal College of Physicians and Surgeons of Canada - Section 1. This event is an Accredited Group Learning Activity (Section 1) as defined by the Maintenance of Certification Program of the Royal College of Physicians and Surgeons of Canada, approved by Continuing Professional Development, Faculty of Medicine, University of Toronto.

Workshop Outline

- 7:30 am** Registration and light breakfast
- 8:00 am** Welcome and introduction
- 8:10 am** Guest Lecture, **Jacob Friedberg** - The early years of endoscopic airway surgery
- 8:25 am** *Interactive Q&A component*
- 8:30 am** The pediatric airway – anatomic considerations
- 8:45 am** *Interactive Q&A component*
- 8:50 am** Anesthetic considerations in airway procedures
- 9:05 am** *Interactive Q&A component*
- 9:10 am** Rigid bronchoscopy and esophagoscopy – getting to know your equipment and anatomy
- 9:25 am** *Interactive Q&A component*
- 9:30 am** Flexible bronchoscopy – getting to know your equipment and anatomy
- 9:45 am** *Interactive Q&A component*
- 9:50 am** Airway and esophageal foreign body removal
- 10:05 am** *Interactive Q&A component*
- 10:10 am** Tracheomalacia, laryngeal web, TEF, RRP, and balloon dilatation
- 10:25 am** *Interactive Q&A component*
- 10:30 am** Visiting Professor, **Philippe Monnier** – Endoscopic repair of type II and III laryngoesophageal clefts
- 10:50 am** *Interactive Q&A component*
- 10:55 am** **LUNCH** (provided)
- 11:30 am** Change into scrubs
- 11:45 am** Introduction to live animal models
- 12:00 pm** *Interactive Q&A component*
- 12:05 pm** Live animal model hands-on practical session
(Interactive component: 4 hr, 55 min)
Many stations for one-on-one experience.
Stations will teach the following:
- *Rigid bronchoscopy and foreign body removal*
 - *Flexible bronchoscopy and bronchoalveolar lavage*
 - *Rigid esophagoscopy and foreign body removal*
 - *Balloon dilatation of the airway and esophagus*
 - *Endoscopic repair of laryngeal cleft and supraglottoplasty*
- 3:30 pm** Airway emergency simulation stations
Event Room 2A/B, 2nd Floor
- 5:00 pm** Debriefing and wrap-up
(Interactive Q&A component)
- 5:30 pm** **CLOSE**
- 7:30 pm** Combined dinner for both Endoscopic and Open Airway Workshops

(Total Interactive component: 5 hr, 45 min)
