

# 6<sup>th</sup> Toronto International Pediatric Open Airway Surgery Workshop

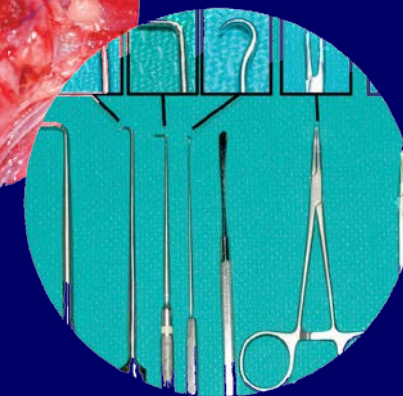

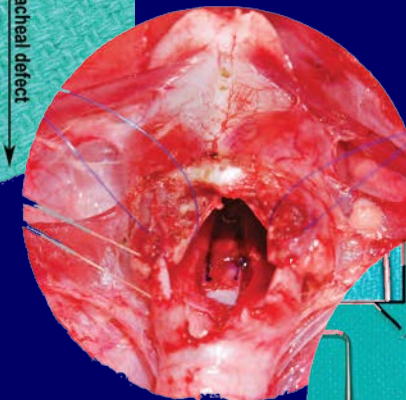

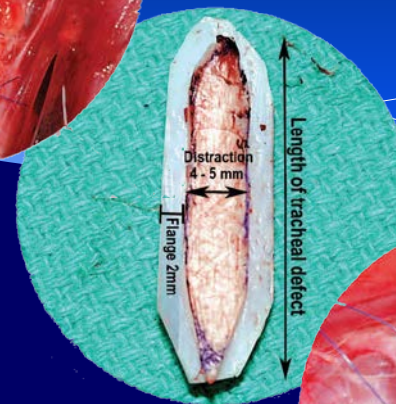

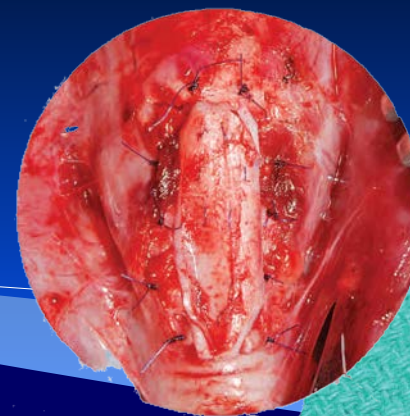

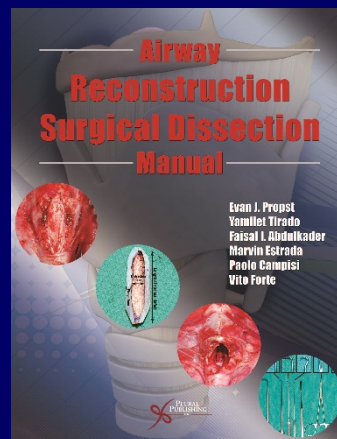

Friday, October 18, 2019

# SickKids<sup>®</sup>

Learn **NEW** skills or **REFRESH** previous ones

- Many live animal stations
- Numerous procedures:
  - *Tracheotomy*
  - *Thyroid ala graft*
  - *Rib harvest*
  - *Anterior / posterior laryngotracheoplasty*
  - *Stent placement*
  - *Cricotracheal resection*
  - *Slide tracheoplasty*
- One-to-one teaching by caring instructors
- International faculty
- **FREE MANUAL** with registration

## Guest of Honor: Reza Rahbar

## UNIVERSITY OF TORONTO FACULTY

### Guest of Honour

#### Reza Rahbar

Associate Otolaryngologist-in-Chief; Director, Center for Airway Disorders; Co-Director, Head, Neck and Skull Base Surgery Program; Professor of Otolaryngology, Harvard Medical School

### Workshop Directors

#### Evan Propst

Associate Professor, Department of Otolaryngology – Head & Neck Surgery, University of Toronto

#### Marvin Estrada

Supervisor, Surgical Services, Lab Animal Services, Hospital for Sick Children

#### Nikolaus Wolter

Assistant Professor, Department of Otolaryngology – Head & Neck Surgery, University of Toronto

### Organizing Committee

#### Reshma Amin

Assistant Professor, Division of Respiratory Medicine, University of Toronto

#### Albino Chiodo

Associate Professor, Department of Otolaryngology – Head & Neck Surgery, University of Toronto and Toronto East General Hospital

#### Cengiz Karsli

Associate Professor, Department of Anesthesia, University of Toronto

#### Melinda Solomon

Associate Professor, Division of Respiratory Medicine, University of Toronto

#### Patricia Purcell, Sebastian Ranguis

Clinical Fellows, Department of Otolaryngology – Head & Neck Surgery, University of Toronto

#### Peter Dixon

Resident, Department of Otolaryngology – Head & Neck Surgery, University of Toronto

#### Ashley Deonarain

Research Associate/Engineer, Department of Otolaryngology – Head & Neck Surgery, Hospital for Sick Children

## VISITING NATIONAL & INTERNATIONAL FACULTY

#### Margo McKenna

Associate Professor, Department of Otolaryngology – Head & Neck Surgery, University of Rochester, USA

#### Eric Gantwerker

Assistant Professor, Department of Otolaryngology – Head & Neck Surgery, Loyola, USA

#### Steven Goudy

Professor, Department of Otolaryngology – Head & Neck Surgery, Emory, USA

#### Patrick Gullane (Local)

Professor, Department of Otolaryngology – Head & Neck Surgery, University of Toronto, Canada

#### Darren Leitao

Assistant Professor, Department of Otolaryngology – Head & Neck Surgery, University of Manitoba, Canada

#### Jonathan MacLean

Assistant Professor, Department of Otolaryngology – Head & Neck Surgery, McMaster University, Canada

#### John Manoukian

Associate Professor, Department of Otolaryngology – Head & Neck Surgery, McGill University, Canada

#### Jeremy Prager

Associate Professor, Department of Otolaryngology – Head & Neck Surgery, University of Colorado, USA

#### Christopher Wootten

Associate Professor, Department of Otolaryngology – Head & Neck Surgery, Vanderbilt University, USA

#### Faisal Zawawi

Assistant Professor, Department of Otolaryngology – Head & Neck Surgery, Jeddah, Saudi Arabia

**Workshop Fee:  
\$895 CAD**

## Workshop Outline

- 7:15 am Registration and light breakfast, TGH
- 7:30 am Welcome and introduction
- 7:35 am Guest Lecture, Reza Rahbar
- 8:25 am *Interactive Q&A component, walk PGCR*
- 8:50 am History of airway surgery
- 9:05 am *Interactive Q&A component*
- 9:10 am Decision making and planning
- 9:25 am *Interactive Q&A component*
- 9:30 am Anatomy of the pig: comparison to human
- 9:40 am Anterior LTP w thyroid ala graft (hum/pig)
- 9:55 am *Interactive Q&A component*
- 10:00 am Anterior LTP w rib cartilage graft (hum/pig)
- 10:15 am *Interactive Q&A component*
- 10:20 am Posterior LTP w rib cartilage graft(hum/pig)  
(vocal cord paralysis, voice, dysphagia)
- 10:35 am *Interactive Q&A component*
- 10:40 am **REFRESHMENT BREAK**
- 10:50 am Cricotracheal resection
- 11:05 am *Interactive Q&A component*
- 11:10 am Slide tracheoplasty (hum/pig)
- 11:25 am *Interactive Q&A component*

- 11:30 am Open repair laryngotracheoesophageal cleft and tracheoesophageal fistula
- 11:45 am *Interactive Q&A component*
- 11:50 am Endoscopic management following open airway surgery
- 12:05 pm *Interactive Q&A component*
- 12:10 pm **LUNCH** (provided) and **GROUP PHOTO**
- 12:40 pm Change into scrubs
- 12:55 pm Introduction to live animal models
- 1:00 pm Live animal hands-on practical session  
(*Interactive component: 4.5 hr*)
- Tracheotomy / stent placement
  - Anterior LTP with thyroid ala graft
  - Anterior LTP with rib cartilage graft
  - Posterior LTP with rib cartilage graft
  - Cricotracheal resection
  - Slide tracheoplasty
- 5:30 pm Debriefing and wrap-up  
(*Interactive Q&A component*)
- 6:00 pm **CLOSE**

(*Total Interactive component: 6 hr, 15 min*)

**NOTE:** The dinner for the Open Airway and Endoscopic Workshops will be held the night before on October 17, 2018.
